Profile

Knowledge gained through my training at the Information Technology Institute (ITI) good experience with full stack MEARN development. Motivated to apply my expertise in front-end and back-end technologies, including HTML, CSS, JavaScript, TypeScript, MongoDB, ReactJs, Angular and NodeJs, to contribute to the development of innovative and user-friendly web applications. With a strong foundation in full stack development and a passion for problem-solving, able to deliver high-quality solutions that meet client requirements and exceed their expectations.
